Get checked.
It can save your life.

Lung cancer screening can find cancer early, when it's easier to treat.

Lung cancer screening might be right for you if you:

**Are 50-80 years old
(50-77 if you have Medicare)**

&

**Smoke cigarettes or quit
in the past 15 years**

Talk to your doctor about lung cancer screening.

Don't have a doctor?
Concerned about paying for screening.
