# About Us

## What is Norris Cotton Cancer Center?

Norris Cotton Cancer Center is a joint enterprise of Dartmouth-Hitchcock and the Geisel School of Medicine at Dartmouth. Our deep integration within one of the world's great academic institutions and one of the country's top academic medical centers creates a unique environment where interdisciplinary collaboration is easy and research and education walk hand in hand with patient care.

The Norris Cotton Cancer Center is one of 51 National Cancer Institute-designated Comprehensive Cancer Centers, and the only cancer center designated as such north of Boston and east of Buffalo. This designation recognizes its excellence in research, patient care, and community outreach across network of six regional centers, and partnership with nine community hospitals in New Hampshire and Vermont.

## Who are the Friends of Norris Cotton Cancer Center?

The Friends began in 1982. Over the 38 years it's been supporting Norris Cotton Cancer Center, more than \$44 million has been raised to support cancer research and patient supportive services.

## Where Does the Money Go?

This money helps fund world-class research, state-of-the-art equipment, critical education programs, and innovative clinical trials that make a difference in the treatment of cancer patients all over the world. Funds from the Friends also go toward important patient and family support services that help ease the journey of cancer patients and their families, such as support groups, massage therapy, art and writing programs, transportation assistance and resource libraries.

**1:7**

For every dollar invested in pilot projects (small grants that we give to fund innovative research ideas) from 2014–2019, we received an average of \$7 in additional funding from outside sources.

**26,000**

In addition to research, these funds also allow us to provide remarkable patient and family support services to our patients, all free of charge. Last year we provided 26,000 episodes ranging from classes in nutrition, yoga, meditation and Tai Chi, to gift cards for gas and groceries, to therapies including creative writing, art, music and Reiki.
